# **Local Law Review 2022**

Community Consultation Phase 1 Summary Report  
(consultation prior to development of new Local Law)

## Engagement Overview

### Introduction

#### Background

##### **Local Law No. 1 Neighbourhood Amenity 2012**

The Local Law (Local Law No. 1 Neighbourhood Amenity 2012) covers a range of diverse topics. From unsightly land, roadside and footpath trading, planting on nature strips, to building sites. It empowers Council to respond to local issues and protect public and private space as well as the community's health and safety. Every 10 years, Council is required to review our Local Law to ensure it continues to meet the needs of the community.

##### **Summary of Key Changes**

A Summary of Key Changes was created, which identifies areas of the Local Law that Council is looking to change, delete or add to. Feedback was sought from the community on the proposed changes, as well as ideas on other issues the community think Council should explore. Feedback from this initial round of consultation will help Council consider emerging issues and ensure the new Local Law is relevant.

##### **New: Short Stay Rental Accommodation Local Law**

Council proposes to introduce a Short Stay Accommodation Local Law to help better regulate the use of short stay rental accommodation (holiday homes) in Bass Coast Shire. Previously, holiday homes were registered under the *Public Health and Wellbeing Act 2008*.

#### Engagement Methodology

The following consultation tools were made available via Council's website:

- Online survey – provide feedback and suggestions on the Summary of Key Changes.

- Upload a written submission.
- Email [basscoast@basscoast.vic.gov.au](mailto:basscoast@basscoast.vic.gov.au)

The following non-digital methodologies were utilised:

- Write to Bass Coast Shire, PO Box 118, Wonthaggi 3995.

A communications plan was developed to coordinate community messaging.

The survey was promoted via the following methods:

- Media releases.
- Social media posts (Facebook).
- Published on Council's website.
- Corflute signs with QR code.
- Direct email to registered community members / organisations.
- Shire Crier post.
- Councillor workshop 8 December 2021, followed by invitation via the Councillor Vault inviting further feedback on the Summary of Key Changes document.

Consultation activities were available from 10 January to 13 February 2022.

Late responses were accepted until 18 February 2022.

Key external stakeholders (eg. VicPol, land managers, Ambulance Vic, SES, DELWP etc) are to be engaged directly and ongoing throughout the project to seek their input on key aspects of the new Local Law.

#### Response Rate

A total of 243 survey responses were received through Council's online survey. Survey comment themes are coded and categorised for the purpose of this report. *Verbatim comments have been provided separately.*

16 written community submissions were received, collated and summarised.

## Community Survey Outcomes

This proposed new section seeks to address safety concerns and nuisance caused by drones flying over or landing on Council land through permits. Federal legislation applies to the flying of drones (ie. CASA – Civil Aviation Safety Authority) and the Local Law will not contradict this legislation. We propose to require a person to have a permit if they fly or allow to be flown any model aeroplane, drone or similar type of equipment:

- Over or near any road (distances to be determined) / over or near people and animals on (distances to be determined)

### Domestic Wind Turbines (NEW)

Large scale commercial wind energy facilities are covered under Victorian State planning legislation and do not include turbines principally used to supply electricity for domestic or rural use of the land. Turbines used for domestic or rural use are also exempt from prohibitions around siting of such turbines, including proximity to existing dwellings.

Council is presently unable to intervene on this matter under any of its statutory abilities. There are no existing avenues from a planning, building or environmental perspective that permit Council to prevent the construction of a domestic wind turbine. Council is currently exploring options to best respond to concerns around domestic wind turbines, including through Local Law and/or Planning provisions.

- Introduce new provisions to address animal noise and smells.
- Introduce new provisions for individual animal plans to regulate dogs that have attacked in the past, and determine whether they are able to be kept (i.e. not dangerous or restricted breed dog as they are covered under the Domestic Animals Act 1994).

### Unightly Land, Graffiti, Dangerous Land and Dilapidated Buildings *(current clause 63)*

This section of the Local Law seeks to address the amenity of private property (eg. unsightly land and buildings). We suggest strengthening this section to:

- Include unregistered vehicles, vehicle bodies, parts and machinery on property. Also include provision to address, boats, caravans, trailers and other types of vehicles.
- Include a section on Graffiti – a person must keep their land graffiti free (includes buildings, structures or boundary fences). The current Local Law does not include graffiti on permanent dwellings. This would apply to unwanted graffiti such as ‘tags’, but exclude permitted graffiti art.
- Incorporate dilapidated (derelict) buildings into the Local Law as well as making provision for dangerous structures that are not covered under building regulations. It would also require landowners or occupiers to install temporary fencing whilst issues are being rectified.
- Introduce a new section to address weeds on land that are unsightly or detrimental, with deference to existing State Government legislation (ie. *Catchment and Land Protection Act 1994* and Regulations).

Community Consultation Phase 2 Summary Report  
(consultation on draft Local Law No. 1 Neighbourhood Amenity 2022)

## Engagement Overview

### Introduction

#### Background

Following initial community consultation during January – February 2022 where Council received feedback from 259 community members, the draft Local Law No. 1 Neighbourhood Amenity 2022 (Local Law) was subsequently developed.

The objectives of the draft Local Law are to:

- (a) Secure community safety
- (b) Protect public assets
- (c) Enhance neighbourhood amenity
- (d) Ensure the peace, order and good governance of the municipal district.

The draft Local Law was developed in consultation with Councillors, internal Council staff, and informed by Phase 1 community and stakeholder consultation outcomes and research activities.

#### **Draft Local Law No. 1 Neighbourhood Amenity 2022**

The draft Local Law (Local Law No. 1 Neighbourhood Amenity 2022) covers a range of diverse topics. From unsightly land, roadside and footpath trading, planting on nature strips, to building sites. It empowers Council to respond to local issues and protect public and private space as well as the community's health and safety. Every 10 years, Council is required to review our Local Law to ensure it continues to meet the needs of the community.

#### **New provisions: Short Stay Rental Accommodation**

Council has introduced Short Stay Rental Accommodation provisions into the draft Local Law, to help better regulate the use of short stay rental accommodation (holiday homes) in Bass Coast Shire. Previously, holiday homes were registered under the *Public Health and Wellbeing Act 2008*.

## Engagement Methodology

Council sought feedback from across the municipality on the draft Local Law between 18 May and 16 June 2022.

The draft Local Law was available to view online or in person at any of Council's service centres. The community was invited to provide written feedback using the following methodologies:

- Council's online engagement portal Engage Bass Coast [engage.basscoast.vic.gov.au/llreview-2022](https://engage.basscoast.vic.gov.au/llreview-2022)
- Upload a detailed written submission.
- Email [basscoast@basscoast.vic.gov.au](mailto:basscoast@basscoast.vic.gov.au)

The following non-digital methodologies were utilised:

- Write to Bass Coast Shire, PO Box 118, Wonthaggi 3995.

Further supporting information was provided to assist the community in their assessment of the draft Local Law, including:

- Comparative analysis matrix of 'old' and 'new' draft Local Law (clause-by-clause).
- Draft Local Law Community Impact Statement

A communications plan was developed to coordinate community messaging. The survey was promoted via the following methods:

- Media releases.
- Social media posts (Facebook).
- Published on Council's website.
- Direct email to registered community members / organisations.
- Shire Crier post.
- Councillor workshops / briefings on draft Local Law 6 April 2022 and 11 May 2022.

Consultation activities were available from 18 May 2022 to 16 June 2022.

## Listening Posts (drop-in sessions)

Listening Posts were facilitated to provide the community opportunities to visit in person to discuss the Local Law Review project:

- Inverloch Community Centre – Friday 27 May 2022, 10.30am – 12.30pm (2 people attended).
- Wonthaggi Old Post Office – Tuesday 31 May 2022, 2.00pm – 4.00pm (0 people attended).
